

Please complete the following questions about your project progress each week and save in the GitHub folder, naming it “Weekly Check-Ins”.

Keep your response concise, 1-2 sentences max per question. We will go over them in the zoom check-in:

1a. Weekly mentor meeting attendance (for missing members, provide reason):

No missing members

1b. Was there a good discussion/Did you get your questions answered/requests responded to?

Yes. We had a good discussion and our answers were answered.

1c. Any issues with the mentor communication?

No issues.

2a. Team working meeting attendance (for missing members, provide a reason):

Full attendance.

2b. Was there a discussion on the work?

Yes.

2c. Did you have a project management component? Did you make progress? Does everyone know what to do next?

Yes, we need to implement the previous code on our end.

2d. Any challenges or roadblocks?

VDI and might have implementation problems.

3. Any questions/feedback?

OpenAI access.
